Vem, Exu is a short narrative adventure where emotions become gameplay.

Inspired by the Brazilian short story *Exu Ficou Com Medo*, players experience anger, memory and reconciliation through tactile interactions instead of dialogue.

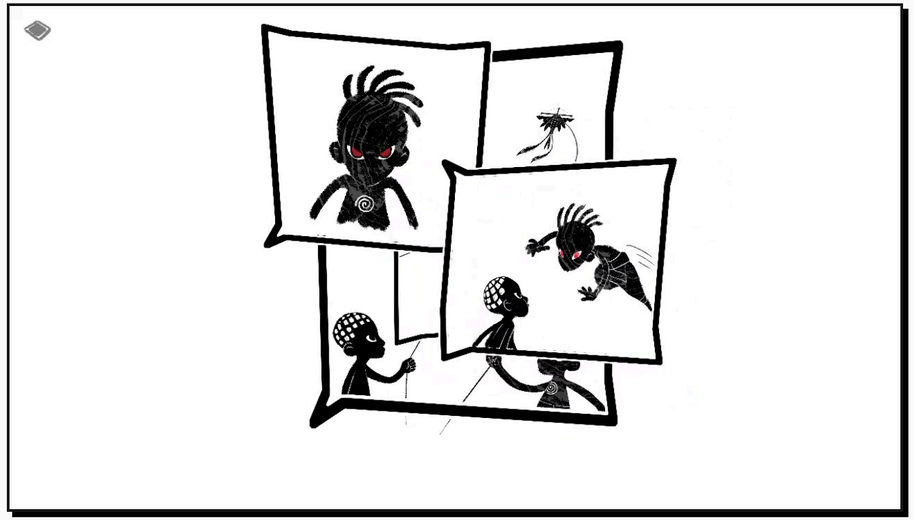

The Game

Adventure **Narrative** **Puzzle** **50 minutes** **Steam + Android**

Story

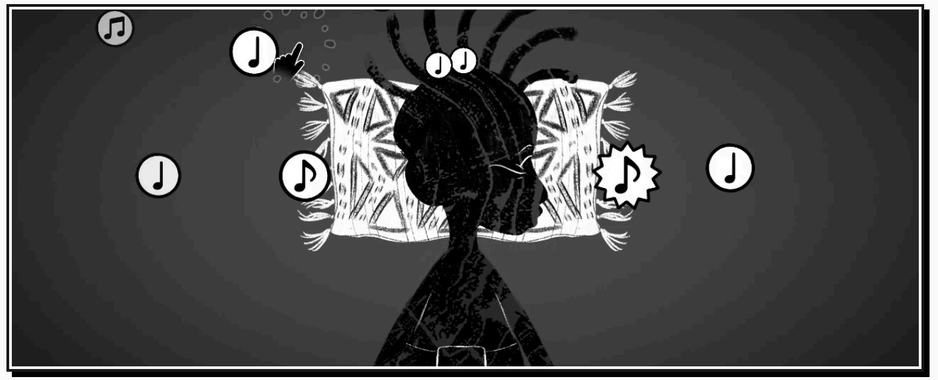

After losing his kite in a fight with his brother, Exu tries to sleep carrying his anger.

During the night, his feelings become a storm where memory, imagination and emotions shape the world.

The journey is about pride, forgiveness and childhood.

Gameplay

Touch **Drag** **Explore** **Observe** **No fail states**
